

DI PLEDGE

Being part of the DI community means we respect each other and commit to helping create a healthy and safe learning and working campus environment. Every faculty member, staff member and student must take responsibility for practicing healthy behaviors and following the health and safety guidelines established by DI to prevent the spread of COVID-19 on campus, off-campus when attending DI sponsored field trips, and in the surrounding community.

As a member of the DI community, I PLEDGE TO:

- Conduct daily personal health checks and utilize the screening app provided by DI prior to coming to campus or attending any in-person activity or field trip.
- Complete a temperature screening utilizing the kiosk, and present evidence of passing upon entering each on-campus class session.
- Stay home if I am sick or have COVID-19 symptoms.
- Wear a face covering in a correct manner, both indoors and outdoors, when in public on-campus and during any in-person activity or field trip.
- Wash hands with soap and water often and use hand sanitizer.
- Sanitize surfaces and equipment with which I come into contact.
- Follow CDC and DI guidance on testing, contact-tracing, self-isolation and quarantine when appropriate.
- Comply with the Back-to-School Plan as updated and any other health and safety communications.
- Observe social distancing by staying at least 6-feet from others.
- Refrain from moving or rearranging classroom furniture and chairs as they have been configured to achieve social distancing and promote safety whenever possible.
- Avoid crowded activities or social gatherings where social distancing is not possible or if in violation of health ordinances.
- Immediately notify campus.wellness@disd.edu if I test positive for COVID-19, or have had direct contact with someone who has tested positive, and have been on campus within 14 days after exposure.
